

BMT Pacific honored for public health support

Tuesday 10 November 2015

On September 24, 2015 HRH Princess Soamsawali presided over the ceremony of Mahidol Day (Father of Modern Thai Medicine and Public Health) and honored BMTP for its support on National Public Health Conference and Activities. Managing director Mr. Thibaud Lastennet had the privilege receive a commemoration plaque on behalf of BMTP. Since 2013, BMTP and its board advisor Dr. Narongsal Chaiyasit have participated in the Department of Health, Public Health Ministry working and study team by promoting the use of best environmental practices to reduce releases of mercury and by improving responsible management of mercury in government dental facilities. BMTP distributed specialised collecting equipment and provided training with public health personnel of the pilot hospitals.
